FLEETWOOD HOSPITAL

Fifty-Fifth Annual Report

CHAIRMAN'S REVIEW

FOR many years past it has been my privilege to review the work of our hospital during successive financial years. From information received this will apparently be my penultimate review as chairman of our Voluntary Hospital and, for this reason, I should like to refer to several matters which are of considerable importance before I deal with the general work of the hospital and its finances.

In the first place, you are all aware of the tremendous assistance which we have received in past years from our Appeals Committees, for without their assistance, we could not possibly have carried on with our work. I refer, of course, to our £15 Committee and our Hospital Saturday and Special Efforts Committee. The incidence of the National Health Services Bill has undoubtedly cast its shadow upon the activities of these remarkably enthusiastic bodies of willing voluntary helpers; so much so, in fact, that our previous prolific sources of income have now dwindled to a mere fraction of what they were before the inauguration of the Government's proposals.

I have considered it to be my duty to mention this matter to you in order to anticipate your inquiries about our heavy financial loss for the period I am about to review. However, I am very pleased to say that our Appeals Committees have not been disbanded, and I know that this will be a source of considerable gratification to all who are concerned with the welfare of the hospital when I say that the activities of our Appeals Committees are merely held in abeyance pending the general clarification of the position of hospitals generally and our own hospital in particular.

We have, as you are all aware, endeavoured from first to last to keep our hospital abreast of the times. Each new method of treatment, as well as new ideas in instruments and appliances, have been immediately adopted quite regardless of expense and solely in the interests and welfare of the patient and the general efficiency of the hospital. As a matter of fact, at the present moment we have placed an order for the installation of a new X-Ray Plant which, being a prototype, will be the first of its kind to be installed in any hospital in this country. The cost of this new apparatus will be in the region of £3,000. As we have other schemes in hand for the general improvement of the hospital's services, it will, I think, be readily seen that, with the opening of our new Maternity Home, to which I will refer later, the whole of our financial resources may very soon become completely exhausted. Quite frankly, our Honorary Treasurer (Mr. H. M. Bird) views our present financial position with some misgiving, if not alarm. Having said this, it is scarcely necessary for me to remind you that our hospital is always ready by night and by day to perform its allotted tasks and these, I unhesitatingly say, are continuously being carried out uncommonly well. During the year, attention has been given to the interior decoration of the hospital as far

as we have been permitted to do so under present regulations. The brighter colours of the several wards have resulted in giving the hospital a better, cleaner and more hygienic appearance throughout. I have always considered it to be my duty to point out to you year by year, the enormous increase in the work of the hospital. The past year has been no exception. Altogether, 7,112 Out-Patient attendances were dealt with—an increase of 1,173 on the previous year. These, I venture to say, are somewhat remarkable figures as the merest glance at the following table will readily convey to you :—

OUT-PATIENT ATTENDANCES.

Year	Number
1943	2602
1944	3868
1945	5939
1946	7112

During the past year 865 patients were admitted for surgical operations. Our X-Ray Department dealt with 1272 cases against 1115 for the previous year, being an increase of 157.

The establishment of an Out-Patients' Waiting-room adjoining the hospital, to which I referred in my last report, has been an outstanding success and it has been very much appreciated by the large number of patients who have to attend the hospital for treatment.

INCOME.

Our total income for the year amounted to £13,300 11s. 0d., as against £13,024 4s. 10d., being an increase of £276 6s. 2d. over the previous year. I desire, however, to point out that this figure includes the sum of £1,000 Legacy received from the executor of the late Miss Hannah E. Thornton, as well as £27 4s. 4d. from the executor of the late Mr. Richard Sharples. I again rejoice that Annual Subscriptions at £1172 14s. 0d., against £786 10s. 7d., show the substantial increase of £386 3s. 5d. Donations to the hospital amounted to £1,687 3s. 7d., as against £2358 17s. 6d., being a decrease of £671 13s. 11d. Church and Box Collections at £93 4s. 7d., as against £151 14s. 10d., show a decrease of £58 10s. 3d. Patients' Payments at £872 2s. 6d., as against £1114 9s. 6d., show a decrease of £242 7s. 0d. X-Ray payments of £226 5s. 2d., as against £298 2s. 10d., also show a decrease.

CONTRIBUTORY SCHEME

Contributory Scheme receipts from employees and individual contributors amounted to £5807 3s. 7d., as against £5136 13s. 9d., being an increase of £670 9s. 10d. This considerable increase unmistakably emphasizes the tremendous benefits which are to be derived from membership of this scheme which, generally speaking, provides entirely free hospital treatment for the wage-earner and his family for the modest average outlay of 4d. a week. Taking into account that our Contributory Scheme is also a reciprocal scheme, i.e., covering treatment at any other hospital in this country, I think that it cannot be denied that it fulfills a very useful and valuable purpose as well as a very cheap insurance against "emergencies" and personal accidents to the contributor and his family, and many other services which are provided by the hospital.

If I may be permitted to hazard an opinion, I consider that there is much less wishful thinking to-day than formerly. As a consequence, the somewhat absurd phrase "it can't happen to me," has now been relegated into the limbo of the past and a proper sense of proportion and realism has taken its place.

IN POINT OF FACT, ALMOST EVERY HOUSEHOLD IN FLEETWOOD IS NOW COVERED FOR HOSPITAL TREATMENT BY OUR CONTRIBUTORY SCHEME, AND IT IS VERY DOUBTFUL WHETHER ANY FUTURE SCHEME CAN BE EVOLVED WHICH WILL EVEN APPROXIMATE TO THE BENEFITS WHICH ARE NOW OFFERED TO OUR CONTRIBUTORS.

EXPENDITURE

Our expenditure for the year 1946 amounted to £15,375 7s. 0d., as against £13,432 1s. 3d. for 1945, being an increase of £1,943 5s. 9d. The excess of expenditure over income for the year under review amounted to £2,074 16s. 0d. This is largely accounted for by the considerable increase of £1,186 14s. 5d., in Nursing and Domestic Salaries. These amounted to £3,882 0s. 10d., as against £2,695 6s. 5d., in 1945. Also, Renewals and Repairs at £991 18s. 8d., as against £435 12s. 7d., show an increase of £556 6s. 1d., and the item for Fuel is up by £183 12s. 11d. Other increases are entirely due to the continuous advance in the prices of commodities and essential requirements.

LADIES' LINEN GUILD

We are grateful as well as appreciative of the work of the members of our Ladies' Linen Guild, who have so splendidly assisted us over a long period of years.

HOSPITAL SATURDAY AND SPECIAL EFFORTS COMMITTEE

During the year the Hospital Saturday and Special Efforts Committee have handed to us the sum of £206 0s. 6d. towards the current expenses of the hospital, and we are much indebted to them for their efforts on our behalf. It has never been my practice to mention individuals by name, but I think I ought to make an exception in this instance, for I feel that our special thanks are due to Miss Elsie Oldham, who has worked particularly hard for the hospital for a good number of years, and I suggest that our warmest thanks and sincere appreciation of her splendid services be extended to her.

BLOOD DONORS

Our Blood Transfusion Service is now held at regular intervals and this is without doubt a vitally necessary public service. As always, we are grateful to the donors as well as appreciative of the ready and willing assistance at all times given to us by voluntary helpers. Of all people who have assisted the hospital in its work surely none are more deserving of our thanks than those who give their blood in order to save the lives of others, and without which, many patients would die. I appeal to all who can to volunteer for this life-saving service and so assist us in our humanitarian task of alleviating pain and suffering.

VENEREAL DISEASES CLINIC

Our Venereal Diseases Clinic continues to fulfil its appointed role and it is very ably conducted by the specialist staff of the Lancashire County Council under the personal direction of Dr. Fessler. Since the inception of this clinic we have, as you are fully aware, assisted in every way to make it an outstanding success. We have every reason to believe that our efforts have been satisfactory to all concerned. It will interest you to know that 1,775 attendances were dealt with during the year 1946. I may also say that owing to new methods of treatment, the number of attendances have very substantially decreased. Unfortunately, there is a large number of defaulters who cause quite unnecessary difficulties and much loss of valuable time.

HONORARY MEDICAL AND SURGICAL STAFFS

Mr. R. Everett and Mr. D. K. Lennox have now resumed their normal consultant duties after a long period of absence on active service.

To each of these gentlemen we desire to extend our very sincere welcome upon their safe return. During their absence Dr. R. M. Corbet carried on the work of Mr. Everett and Mr. J. Eastwood-Sykes that of Mr. Lennox. To each of these gentlemen we extend our very grateful thanks and appreciation. Our thanks are also due to Mr. S. Newsom for the exceptional manner in which he has performed his duties since his return from active service. We are also very much indebted to all the members of our medical staff for the extremely valuable services which they have rendered to the hospital, not only during the past twelve months but for a good number of years.

MEDICAL CLINIC

In my report to you last year, I mentioned that there was an insistent demand for the establishment of a Medical Clinic in connection with the hospital and that, as a consequence, we had inaugurated such a clinic under the direction and control of Dr. R. Horsfall, M.D. I am pleased to be able to inform you that Dr. Horsfall's Clinic has been a great success and that the work of his department is constantly increasing; so much so, in fact, that your Committee may soon be required to extend this service much more frequently in the near future. To the Hon. Dental Surgeons we owe much for their assiduous efforts and we acknowledge our indebtedness.

STAFF

The loyal service rendered by the Nursing, Administrative and Domestic Staffs have always earned our gratitude and the past year has been no exception to this rule. I am particularly pleased to place on record our appreciation of the Matron and her Nursing Staff, whose untiring and careful attention to patients have always earned our gratitude. Due thanks are also given to our Honorary Solicitors and Honorary Auditors for the extremely valuable professional advice and services which they have always given to us so freely.

I must make a special reference to the valuable and efficient work of our Secretary (Mr. J. Longworth). He spares neither time nor energy in carrying out his duties, and we appreciate most highly his keen interest in the progress and welfare of the hospital and his careful and able administration.

MATERNITY HOME

At long last we are now in sight of the opening of our new Maternity Home at "Milton Lodge," Mount Road, Fleetwood. I need not remind you that this has been a particularly arduous task brought to fruition after surmounting a sequence of obstacles too numerous to mention. The constructional work is now almost completed and interior decoration will shortly be commenced. A considerable amount of equipment has been ordered and our Maternity Home Sub-Committee will shortly meet to decide upon further final items of equipment. It is confidently anticipated that the Maternity Home will be in use in a few months' time. To the County Architect's Department of the Lancashire County Council we extend our grateful thanks and appreciation for services so freely given on our behalf.

CONCLUSION

As you are fully aware, it is the intention of the Government to introduce the new National Health Services Scheme some time during the Summer of 1948. At the moment even the most astute amongst us cannot foresee what the position of hospitals will be a few years hence. Certain it is that changes on a somewhat extensive scale will inevitably be made. Your Committee have been fully aware for a long time past that the present Fleetwood Hospital Building is totally inadequate for the requirements of the town. Efforts have been made from time to time to secure the necessary permission for extensions but these have not been successful. The period between now and the commencement of the new scheme is a very important one for the people of Fleetwood and surrounding district. The important question of adequate hospital services covered by the areas of Fleetwood, Thornton-Cleveleys, Poulton, and possibly the over Wyre districts, will require very close study by your hospital officials and their appropriate committees. I do not think I need particularly stress this important matter because we have been fully alive to what has been going on for a long time. I can, however, assure you that your officials and committees will very closely watch the trend of events and endeavour to arrive at a sound judgment which will be entirely satisfactory to all concerned with the welfare of our hospital; and, should a change of site be suggested or contemplated, its precise location will be most meticulously studied in the general interests of the future of the town and its environs.

CHARLES H. RILEY,

Chairman.

Since the foregoing was written, I have to record with very deep regret the passing of our Chairman, Alderman Charles H. Riley. I know full well that I am voicing the opinion of all concerned when I say that the hospital has suffered an irreparable loss.

I have known Alderman Riley intimately for upwards of fifty years as a typical example of the honest, straightforward and kind-hearted colleague so symbolical of an English Gentleman—for such he was. I cannot refrain from saying that he was zealous, conscientious, painstaking and hard-working. Loyalty to his colleagues reached the very highest standard of perfection that any individual can possibly hope to attain.

When permission was granted to proceed with our new Maternity Home his interest and enthusiasm knew no bounds, for this was the culmination of a long expressed desire for such a necessary service. It is sad to have to record that he will not be with us at the opening of this new department of the hospital which he loved so much and which will provide so many further benefits for the town of his birth, of which he was so proud.

H. STONESTREET,

Hon. Secretary.
